SUPPLEMENTAL DECLARATION FOR REISSUE APPLICATION

Docket No: P3988

As the below named inventor I hereby declare that:

My current residence and post office addresses are as stated below, and I am a citizen of the United States of America;

I verily believe that I am the original, first, and sole inventor of the invention entitled: **STORAGE DEVICE WITH SUPPORT CARRIER AND METHOD**, which is described and claimed in the specification filed as a reissue application on January 8, 1998; serial No: 09/005,527;

I have reviewed and understand the contents of the specification that was filed as a reissue application on January 8, 1998, including the claims, and the now amended claims;

I do not know, and do not believe that the invention was ever known or used in the United States of America before my invention thereof, or patented or described in any printed publication in any country before my invention thereof;

I acknowledge my duty to disclose, and I have, through my current attorney, disclosed, all information known to me to be material to the patentability of my invention as defined in 37 CFR §1.56;

Said invention has been patented and made the subject matter of United States Patent 5,482,226 on an application filed in my name by me;

I hereby declare that such United States Patent 5,482,226 is inoperative or invalid by reason of my claiming less than I had a right to claim in a patent, and more specifically, by claiming certain elements in more specific detail than was necessary, including those set forth in "ATTACHMENT A", which is incorporated herein by reference as though set forth in its entirety. These errors are believed to have arisen due to my original attorney failing to appreciate the full breadth of the invention. These errors were discovered by my current attorney. Every error in the patent that was corrected in the present reissue application, and is not covered by a prior declaration submitted in this application, arose without any deceptive intention on my part.

I hereby declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

My full name, current residence and post office address are:
